### **JUDGES COMMENTS:**

An extremely well run show with, sadly, a small entry, just two kids entered! Anjo Candis, a first kidder running through, was in superb condition milking well. She has an excellent well attached udder with neat teats. She just needs to be a little calmer and get used to the showing. She was followed closely by Wedgewood Valencia, a rangy black/white who would make a good BA. Milking well but could have a better floor to her udder and could really do without her "winter woolies". I thought the two goatlings outstanding. Teion Mieka just flowed under my hand and just felt full of quality whilst Monach Zostera is so full of breed type with an excellent head with good ear placings and a most promising bodyshape. Whilst there was no competition in the kid classes Topgold Katsuma is a well grown kid of good length, good legs and feet and very promising.
