Judges Comments:

A privilege to officiate at England's premier agricultural show with over 160 goats entered and few absentees. It was almost like the good old days of judging. Well filled classes across the breeds meant keen competition and accolades were well earned by class winners.

Presentation and quality of exhibits was of the highest standard.

The two animals which topped the IP were of great quality and productivity. My BIS exhibit Dalestone Britney is a very smart AOV who beat the equally smart and productive BA Lyncol Tweed in topline, udder and teat preferences and length. Both goats were running through in their lactations.

The Dalestone herd also had the best goatling exhibit which was one of three full sisters shown in the AOV class and which were difficult to separate in placings. It was pleasurable to see a resurgence in BA numbers of all ages and my reserve best goatling Marshvalley Elarna came from a class of nine exhibits.

Best kid was a Golden Guernsey of eye catching merit and square stance.

Stewarding top notch, as was both hospitality to myself and my overseas probationary judge, Eugen Megelea who had driven over 2000 miles for the experience of shadowing myself over both days of this prestigious event.

Grateful thanks to a large team of stewards headed by Colin Newton and Paul Mounter for their first time in decades not to be exhibitors themselves.
