### **Judge's Comments:**

Caprimondo Giovanni really took my eye, super long fine golden coat and showed really good GG dairy type as well as being a very good GG male. All males worthy of their awards.

When the GG goatling walked in looked really similar to the male, so pleased to see they were twins. She was reserve goatling behind an exceptional BT goatling in tip top condition, good and solid, superb body, depth and length, nice and wide at back, lovely underneath. Best kid and reserve female was another exceptional goat, very attractive, long sleek neck and she just flowed perfectly from head to tail along a level topline. Best coat I've seen on an English, short and shiny. Walked very wide. She didn't have the body of a Swiss type but being English you wouldn't expect it. Nice underneath so I really hope for her when the udder comes down. I've seen some good English this year but Topgold Mushroom easily the best and certainly deserved Best Kid. If the goatling hadn't been so exceptional it would have made my day to give best female to this kid.
