Judge's Comments:

Last show of the season and a pleasure to judge the section which myself with the CDGS inaugurated at Stokesley some 50 years ago. Very pleasing milk yields on the first day of Autumn by the solo BS and all the AOV animals. All stock beautifully presented, alas absentee exhibitors from regulars, due to Bluetongue restrictions and from others for reported nasal discharges which cost us a loss of 17 exhibits. Initials for the Order of Merit with brief comments:

DB aged 7, good wedge, lovely shoulders and long level topline, prefer udder full to empty BIS.

TA shorted coupled, good udder front feet mechanisms not as desirable. RBIS and as above excellent yield.

BR Would have gone BIS if yield could have matched the two above. Super size and bone a very impressive first kidder.

TA good length, topline can hold level with manipulative handling, well fixed udder, teat angles criticised. Milking well.

TR topline tendency to roach very good udder and yield, teat angles less desirable.

BT very smart classic AN, nice udder and teats would have been RBIS to BR if the yield was there.

A second probationer of the season with me and so glad to know that there is enthusiasm and desire to progress to the panel by younger members of our Society.
